WORK EXPERIENCE

MoMo | Vietnam's #1 financial platform/super app

Ho Chi Minh City, Vietnam (Hybrid)

Product Management Intern (Online Travel Assistant)

December 2025 – Present

- Drove weekly OKR read-outs cross-functionally across 7 teams (e.g. design, marketing, engineering, growth) using scrum/agile workflows aligning product strategy with high-impact user needs for 30M+ users across 5 travel verticals
- Led 0-to-1 launch of an AI-driven travel itinerary planner from user research to scheduled release, cutting manual booking time 30% and securing senior leadership approval for the summer travel beta launch and lunar new year campaign
- Building AI-powered internal meeting booking and briefing bot reducing ~10 hours/week of workflow inefficiencies

Logitech | Leading Consumer Electronics Brand

San Jose, CA

AI Product Strategy Researcher

January 2026 – June 2026

- Defined physical AI strategy for gaming peripherals into a 5–15 year technically grounded roadmap, translating emerging capabilities (real-time feedback systems, adaptive ergonomics, biometrics) to prioritized use-case narratives and ROI models
- Synthesized 97 page research report and 17 user interviews and into a 30-slide deliverable presented to senior leadership evaluating feasibility constraints and connecting unmet user pain points to differentiated AI-enabled product concepts

Nuoc Solutions | Gates Foundation-Funded Water Sustainability NPO

Remote

Marketing & UI/UX Design Intern

June 2023 – August 2024

- Grew site traffic 78% to 4K+ monthly viewers by rebuilding the site in Figma and WordPress with responsive layout, clearer visual hierarchy, and accessibility-minded contrast and navigation standards to improve user retention and advocacy reach
- Identified 5+ funnel friction points by analyzing site analytics with user interviews into personas and journey maps, presenting the resulting marketing strategy roadmap to the Board of Directors for unanimous approval

ExtendMe | Personal AI Assistant Startup

Remote

Marketing Intern

June 2024 – August 2024

- Increased beta product sign-ups by 115% by designing a WordPress landing page with targeted SEO strategy and conducting 22 customer feedback interviews to translate audience insights into product messaging, personas and journey maps

LEADERSHIP & ACTIVITIES

PG&E National Home Electrification Challenge Case Competition

Oakland, CA

1st Place Winner of 9 undergraduate and MBA finalist teams

April 2026

- Designed high-fidelity Figma prototype of smart home energy and ambassador network app modeling a <\$100K deployment projected to drive 25% MAU, +10 NPS, and 15% higher electrification upgrade rates among app users

Vietbay Teens | Cultural NPO

Palo Alto, CA

Co-Founder, Co-President, Account Manager

August 2021 – Present

- Raised \$115k for Vietnamese NPOs from organizing cultural events/fundraisers (1300+ attendees) by delegating operations across 300+ members, volunteers, and donors, including staff trainings, recruitment, and filing/maintaining non-profit status
- Worked with partner orgs (e.g. Vietnam Airlines, LotusFoundation) both remotely and onsite to create programs providing 225 scholarships to disabled families, shelter to 2k child trafficking victims, and 55k meals to cancer & COVID patients

Camp MAC | Middle School Media Production Camp

Palo Alto, CA

Marketing Director

March 2024 – August 2024

- Increased enrollment by 38%, with largest applicant class in history, raising \$40k for student publications by producing digital and print marketing assets, garnering 130k+ impressions on social media and coverage in 10 local publications
